WELCOME From Our Executive Director

Welcome to Studio 1! We have undertaken this great adventure--to craft a studio where we can come together to create. Sometimes our creative selves can be lost as we get bogged down in the news, the Internet, and the crazy routine of daily life. That is why it is more important than ever to be able to have things in our lives that make us happy!

It is an incredible thing when people come together to create something bigger than themselves. Something that makes us think outside of where we are and who we are. We become part of humanity again, instead of a survivalist. It teaches children to be members of a community that support one another and work together and strive toward a common goal, and it reminds us adults to do the same. What could be better than that?

This is our goal at Studio 1. We want to be the place where performing artists come to create and the community comes to enjoy themselves. Let's make a small part of life as simple as that. We need your support to make this happen. Please consider joining us in this adventure! It is so much more than real life.

Sincerely,

Tami Kress
Executive Director, Studio 1

Guest Etiquette & Policies

We want everyone to enjoy their time at Studio 1!
Please be a courteous guest while you are here.

Using Cameras and Recording Devices

Photography and video recording is prohibited at almost all Studio 1 events—this includes phones, tablets and digital cameras.

Entering and Exiting the Theatre

If you must leave the theatre, please time it between scenes or wait until intermission. Before you re-enter, please check in with the house manager in the lobby, who will escort you in during a safe and appropriate time. For your safety, at no time should you wait by the curtain to enter.

Turn Cell Phones Off

Please leave your phone in your pocket or purse during performances. The light from phones is distracting to others throughout the theatre and to the actors on stage.

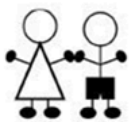

Quiet Please

Once the show starts, please allow the actors to be the center of attention. Turn all cell phones off, and limit your conversation. If children become restless or talkative, please take them to the lobby immediately. Please refrain from speaking to or touching cast members when they are on stage.

Food

Small food items like snacks and drinks are allowed in the theatre, but please eat and drink quietly. Odors and noisy wrappers can disturb others. Any large items like sandwiches or take out should be finished before entering the seating area.

Kids

All guests require a ticket regardless of age. For some shows, Studio 1 will make recommendations on the appropriate age based on the content and length of the event. However, parental discretion is always advised, and judgement of the appropriateness of the content for each show should be made on an individual basis prior to purchase. Children must be able to sit quietly in their own seat without disturbing other guests.

Studio 1

Studio 1 is a community that understands the unique growth that occurs when we come together to do something bigger than ourselves. We build this community through compassionate inclusion, a spirit of empowerment, and the preservation of a theatre environment that celebrates the best in people.

I live in chaos. I love it. I wouldn't have it any other way. But sometimes I forget to pause and really take in the extraordinary things in which I get to be involved. This show has made me pause and really celebrate the people that choose to come together and add to their chaos to make something really special. From producers, to actors, to technicians, to board members, to donors...this show has taken on such an incredible life of its own. So many hours have been spent by so many people creating what you are about to see. They sacrifice time, resources and sleep to come together as a group to create something so much bigger than themselves. In this little black box, with the lights low, our combined chaos becomes magic. I hope you enjoy it.

Studio 1's Sustaining Donors

It takes $11,000 a month just to keep the doors open at Studio 1. This does not include any production or marketing costs. We use every dime from our Sustaining Donors to pay our electricity bill. Without them, we literally could not keep the lights on.

How can you become a sustaining donor?

Simply, go to our website at www.studio1online.org

and click on the Donate button.

After you put in the amount to donate

(we suggest $35 a month for sustaining donors)

it will ask if you would like to make this a recurring donation and just click yes!

We could not do what we do at the studio without donors like you!
